WORK EXPERIENCE

Capdexs - Calgary, AB

Software Developer

July 2023-Current

- Implement Active Financing page in **React**, **TypeScript** and **Tailwind**, mirroring the intuitive layout of Microsoft Outlook.
 - Develop complex components, such as the market board, to streamline user tracking of financings.
 - Enhance user engagement through interactive charts, offering a comprehensive financial history view.
-

TECHNICAL PROJECTS

Events App

React.js, Bootstrap, Supabase, Docker.

June 2023

- Developed a web application that allows users to browse and discover various events.
- Integrated Supabase to handle backend services, including data storage and authentication.

Musical Fountain Project

Python, Librosa, Raspberry Pi OS

April 2023

- Created an interactive musical fountain allowing users to control water jets synced with music for captivating visual displays.
- Developed app to seamlessly synchronize water jets with music for captivating experiences.

Who Am I? Project

Express.js, Socket.IO, Php , JavaScript

June 2022

- Established foundation for a captivating single-player game, serving as the basis for future development
- Developed robust JSON generator for varied character data, covering images, names, and unique traits such as hair color.
- Achieved smooth multiplayer experience using Express.js, Socket.IO, and npm, using real-time interaction for two players.

E-commerce Platform

Bootstrap, JQuery, Php, MySQL

May 2022

- Executed comprehensive login system enabling CRUD operations on user list (JavaScript, PHP, MySQL, HTML, CSS).
 - Utilized PDO to optimize MySQL interaction, improving data retrieval and storage efficiency.
-

EDUCATION

Bachelor of Science, Computer Science

University of Montpellier – Montpellier, France

May 2023

Relevant Courses:

Data Structures & Algorithms, Java OOP, Web Applications, C++ Program Design, Big Data Analytics.

PROGRAMMING SKILLS

Programming Skills: Java, JavaScript/TypeScript, PHP, SQL, Oracle Database

Other: Git, ReactJS, Redux, Tailwind, Docker

AWARDS & EXTRA ACTIVITIES

Excellence Scholarship recipient of a full university scholarship sponsored by Campus France to study computer science at the University of Montpellier.

Academic Tutor: Tutor first-year Computer Science students at the University of Montpellier in data structures and algorithms.

LANGUAGES

English | French | Arabic
